FAQ

How do we communicate with your team and ensure that we receive timely updates and responses?

We use various communication channels such as email, video conferencing, and messaging apps to keep our clients updated on their accounting tasks' progress. We also assign a dedicated account manager who serves as the point of contact and ensures timely responses to all queries and concerns.

How do you manage the time zone difference between India and the US?

At KMK, we have established business hours that overlap with US business hours for at least 4 hours which enable us to collaborate with our clients.

Can you provide references or case studies from your US-based clients?

Yes, we can provide references and case studies from our US-based clients upon request. We have a track record of providing excellent service to our clients, and we are confident in our ability to meet their accounting needs.

How do you measure and report on SLAs and KPIs?

We use a variety of tools and systems to measure and report on SLAs and KPIs, including performance dashboards, scorecards, and regular reports. These tools allow us to provide our clients with real-time updates on the performance of their accounting services and ensure that we are meeting their expectations.

What are the costs associated with your services?

The costs for our services vary depending on the level of service required and the complexity of your accounting needs. We offer customized pricing based on your specific requirements. We provide cost with up front breakdown and there will be absolutely no hidden costs whatsoever.

CORPORATE SOCIAL RESPONSIBILITY

KMK is committed to corporate social responsibility and making a positive impact on the communities in which we operate. As part of our efforts, we have launched the "Spread a Smile" initiative, which aims to bring joy and hope to underprivileged people. Through this initiative, we donate a portion of our profits to support education, healthcare, and basic needs for children in need.

Our team also participates in volunteering activities, such as organizing educational programs, distributing school supplies, and supporting local charities. We believe that by giving back to society, we can create a better future for generations to come, and we're proud to be a socially responsible organization.
